**Abstract:**

“Thoughts are Quantum Things” is a compelling story about how our reality is created from the bits of our thoughts, and this is based on the leading edge information, quantum and gravitational sciences. Come and explore these thought provoking ideas with an enthusiastic speaker!

**Outline:**

<p><b>Law of Attraction:</b></p> <ul style="list-style-type: none"> <li>- Attraction and Manifestation</li> <li>- Create your own reality</li> <li>- Laws and Science for LOA</li> <li>- Hows: Neurology, biology, emotions, memory, beliefs, meaning/attraction.</li> <li>- Vortex and Vibrational Escrow</li> <li>- Inclusion based Universe</li> <li>- Go to strategy</li> <li>- Overlaps with NLP goals/techniques</li> </ul>	<p><b>LOA Model Requirements:</b></p> <ul style="list-style-type: none"> <li>- Predictive/Useful (dualistic)</li> <li>- Informational and representational</li> <li>- Explanation emotion/energy based relief</li> <li>- Extends beyond our brain/body</li> <li>- Attract like minded resources</li> <li>- Beliefs matter (reoccurring thoughts)</li> <li>- Meaning/attention/intention/knowing</li> <li>- Supports synchronistic events</li> <li>- Connects emotions/beliefs/energy</li> </ul>
<p><b>Thoughts Interaction with Reality:</b></p> <ul style="list-style-type: none"> <li>- Awareness: indirect– biology/neurology</li> <li>- Awareness: direct– empathy, RV, ESP, etc</li> <li>- Influence: Brain, DNA, electronics, REG/PK</li> <li>- Both: synchron, 10K pics, retro causation</li> </ul>	<p><b>Expectations for Daily LOA use:</b></p> <ul style="list-style-type: none"> <li>- Emotion affects memory</li> <li>- Emotion builds memory/emotion vortex</li> <li>- Increase quantum state complexity</li> <li>- Amplify positive emotions using <ul style="list-style-type: none"> <li>* Focus Wheel</li> <li>* Rampage of Appreciation</li> <li>* NLP anchoring &amp; swish</li> <li>* Grounding and balancing</li> </ul> </li> <li>- Cooperative components (angels etc)</li> <li>- Coincidence, telepathy, insight, non-local</li> </ul>
<p><b>Models/Mechanism for Interaction:</b></p> <ul style="list-style-type: none"> <li>- Causal/Classical: M/E/S/T, isolated, mutex</li> <li>- Non-Classical: quantum, info, probability, Non-local/atemporal, superposit, entangled</li> <li>- Good LOA model: outcome affects beliefs</li> </ul>
