Science of Law of Attraction

Science of Spiritual Beings of Light Lectures
Presented at Unity Church of Dallas
Oct 24, 31 - Nov 7, 14, 2011
By Doug Matzke, Ph.D.
Doug@QuantumDoug.com
Law of Attraction History

Brief History of Law of Attraction:
- Ancient ideas from secret societies
- Focused on by Ester & Jerry Hicks
- Ester is channel for being ‘Abraham’
- Ester included in the movie ‘The Secret’
- Secret ideas/movie liked by Oprah
- ‘The Secret’ reissued without Ester
- ‘The Secret behind the Secret’ released
- Abraham/Ester speaks all over world
- LOA popular with hundreds of CDs/books
- Large overlap with other domains
Presuppositions of LOA

Presuppositions of Law of Attraction:

- Humans are eternal vibrational beings having a physical experience
- Abraham’s insights are beyond human perspective
- Law of Attraction is primary principle for inclusion based universe
- This principle is source creative intelligence and creator of worlds
- Law of Attraction rules are shared but Physics of LOA is not revealed
- Like attracts Like – where ‘Not X’ is still attracting ‘X’
- Everything is intelligence and thought vibrations
- Thoughts, emotions & energy are tied together and synergistic
- Thoughts extend beyond the physical/classical brain/body
- Thoughts are ‘things’ that affect the world
- Thoughts include conscious, unconscious, beliefs and body states
- You are responsible for creating your own reality
- Law of Attraction works whether you believe it or not
- Teachings’ purpose is how to become focused deliberate creators
Who/What is Abraham?

- Spiritual Entity channeling thru Ester
- Abraham is “We” or multi-being
- Abraham represents ‘Infinite Intelligence’
- Represents non-human perspective for us
- Language patterns as non-native speaker
- Message is enlightening & entertaining
- Message is extremely self consistent
- Message contains technical information
- Abraham has energetic presence
- Collectively we are leading edge of Source
Law of Attraction Overview

LOA topics related to Science of Spiritual Beings:

- Vibrational thoughts create reality
  - Source mechanism that creates worlds
  - Be aware of and focus your thoughts
  - People cancel their goals with unresourceful thoughts
  - Deliberate focused intention for deliberate creation
  - Requires mechanism connecting thought to meaning
- Memory/Thoughts are related to emotions
  - Emotion affects memories and decisions
  - Energized thoughts amplifies Law of Attraction
  - Model of Emotional maturity ladder – goal is relief
  - Requires model connecting thoughts and emotions
- Vortex represents preferred & focused thoughts/emotions
  - Goal is to spend more time in ‘good vortex’ rather than ‘bad rut’
  - Cooperative components are assembled
  - Attracts components using non-local non-classical mechanisms

10/31/2011 DJM
Simple Steps for Art of Allowing

‘Ask & It Is Given’ Process (the 3 As):

1. **Ask** [Your Work]
   ‘Rockets of Desire’ are always going out to world

2. **Answer** is Given [Not Your Work]
   Your vibrational asking affects thought reality

3. **Allow** it to happen [Your Work]
   Allow and expect it to happen quickly

Become a deliberate creator
Fine Tuning Asking & Allowing

Fine Tuning Step 1: Asking Vibrationally

- Focus on what you want (not the lack of it)
- Choose Go-To strategy rather than Away-From strategy
- Specified well formed outcomes with right amount of details
- Make asking real (using images, sounds, symbols & feelings)
- Imagine as if you already have it (not in the future)
- Energize the asking with positive emotions
- Ground, clear obstacles and remove distractions (mental and energetic)

Fine Tuning Step 3: Allowing Vibrationally

- Answering happens outside of time so expect quick results
- Positive emotion is the building block of vibrational allowing
- Stop focusing on beliefs that attract wrong items (i.e. original problem)
- Thoughts of disbelief cancel the Asking (‘This will never happen’, etc)
- Share successes and ‘lucky coincidences’ that are manifestation matches
- Don’t share with people who disbelieve
Vibration and Law of Attraction

- Frequency vs. vibration
- Light (E/M Wave)
- Sound (Music, Applause)
- Succussion, applause
- Gravity, space-time ripples
- Probability Amplitude
- Thoughts/Rotes

Beings of Light are quantum vibrational beings
What is The Vortex?

Dominant thought patterns keep building

- Deliberate positive escrow account
- Feeling good is important component
- Rockets increase mass/energy/bits of vortex
- Acts as resource anchor for living/manifestation
- Reticular activating system helps make matches
- Cooperative components are non-local yet ‘near’
- Vortex is meaning related high dim. state space
Inclusion Based Universe

- Each dimension is own meaning (vibration)
- Each Dimension represents both X and Not X
- Not X ≠ Y
- Quantum state space

This is quantum State Space used by Light
Biology and Law of Attraction

Body, Heart, Brain and Mind states

Vortex supported by Biological state space

- Neuron vibrations represent address
- Emotional state effects brain states
- Reticular activating system is biased

Heart is dominant physical factor

- Electromagnetic field is state space
- Largest state space from body
- Heart Intelligence and heart chakra

Physical Body is not the full picture

10/31/2011 DJM
Emotions and Law of Attraction

Physical Side of Emotions

- Affects memory & body state chemistry

Meta-Physical Side of Emotions

- Feeling bad closes chakras
- Appreciation opens chakras
- Increased chi energy flow
- Alignment builds energy
- Supercharge emotional body
- Supercharge astral body
Law of Attraction as Physics?

• Attraction Information Properties
  - Likeness = Nearness
  - Address is Meaning
  - Attraction is like gravity wells
  - Attraction is monopole ➔
  - Polarity is Energy Centric

• Dimensional Inclusion
  - Dimensions are bits & complexity
  - Inclusion of semantics/meaning
  - Semantic network topologies
Math of Thought Dimensions

“For N=96, Standard distance = 4

“For N=2400, Standard distance = 20

“Standard” Distance = \( \sqrt{\frac{N}{6}} \)

Standard Deviation = \( \sqrt{\frac{7}{120}} \)
Vortices and Thought Mass/Energy/Bits

Like thoughts are semantically ‘near’ each other in localized clusters of ‘like’ thoughts
Quantum Mind Model

Thoughts are dimensional strands of source

- State space is outside of 4D spacetime
- Very high dimensional state space
- Randomness is key resource
- Quantum style orthogonal states
- Probabilistic state combination
- CDMA style computational framework
- Dimensional increase due to superposition/entanglement
- Semantic relations exist & can be constructed
- Brain/mind mapping using phase invariance (patent)
Thoughts are Quantum Things

- Thoughts are ‘Things’
- Information is Physical
- Wheeler’s ‘It From Bit’
- Thoughts affect probabilities
- Thoughts have an effective mass/energy
- Source that creates worlds
Quantum Mind Paradoxical Metrics

Wavelength determines Size of Now Bubble

Higher Frequency and more sequential

Longer wavelength leads to more unity

10/31/2011 DJM
Manifestation

Thought forms source precedes everything
- Exist in quantum protophysical space-time.

Hold a single pure thought for 17 seconds
- equivalent to 2000 hours of action

Doubles every 17 seconds (as much as 10X)
- 17 secs is worth 2,000 man hours (or 2,000)
- 34 secs is worth 4,000 man hours (or 20,000)
- 51 secs is worth 8,000 man hours (or 200,000)
- 68 secs is worth 16,000 man hours (or 2,000,000)

This doubling is leverage of quantum math
- Shor’s Algorithm relies on this same leverage

Energize thoughts with appreciation, joy & love
- Connects the quantum space to physical body
Questions and Discussion

Possible Discussion Topics:
• Larger part of you is inner being that evolves
• Rampage of appreciation
• More on Vibration
• Joyous creator
• Group thought
• Focus and observer frames
• Law as equations
• …
Science of Spiritual Beings Series

1. **Oct 24:** Introduction to Science of Spiritual Beings

2. **Oct 31:** Science of Law of Attraction

3. **Nov 7:** Science of Thoughts, Beliefs, Emotions and Subtle Energy

4. **Nov 14:** Science of Daily Living as Spiritual Beings both now and in the future
